ENJOYING THEM IS EVERYTHING.

FALL /WINTER 2024

September 1st MMSCC Labor Day Camden Car Show

As usual, the display area on Chestnut Street in the center of Camden was roped off for us and a number of the holiday visitors in town appreciated being able to take in the show. Great thanks to Ed Schultz, head of our Events Committee, for producing the show and making it look easy; to the judges and all the members who stepped up to assist; and to Dennis Griggs, our veteran lensman, who with the aid of his wife Diane took these photographs. Judges Albert Aniel, John Shepherd and Bob McKay took their duties seriously, choosing to reward originality, patina, ownership history and road-worthiness, or how often a car is actually driven. After due deliberation, first place was awarded to Katharina and Paul Garber for their outstanding 1954 Jaguar XK120. Dexter and Sheila Polistock took second place with their rare Sunbeam Tiger, the first one in memory to appear in the show. John Freeman's sparkling white 1965 Jaguar Mark 2 came in third. The Judges' Special Award went to MMSCC charter member Sarah Rheault for her wonderful 1935 Riley Imp.

September 21—Owls Head's Foreign Car Festival

This turnout at the Owl's Head Museum's annual Foreign Festival was one of the best ever. Gloomy weather notwithstanding, on Saturday cars seemed to fill the entire apron outside the hangers. We weren't the sole club represented, of course, but there were many familiar faces.

2024 Is filled with lots of time on the road and with friends

October 12—Fall Peepers Rally

December 7th—Luncheon at the Camden Seadog Brewing Co.

Thirty members showed up for luncheon at the Sea Dog brewpub in Camden on Pearl Harbor Day. (I say this because it turns out Millennials have no idea what once happened on December 7.) Kudos to the pub, which accommodated our happy and chatty group so well. The hostess sent us upstairs to the spacious and semi-private second floor, where we could be as noisy as we wanted, and our waitress Jen did an amazing job. She juggled all our orders, kept us primed with frequent beverage deliveries, and was completely unfazed by so many separate checks. The weather was far too chilly for dining al fresco, the pub has a wonderful deck overlooking Camden Harbor that could serve us nicely in the summer months.

We delivered four new name tags and took orders for two more plus one re-do for bad spelling. Thanks to everyone who attended—you know who you were: Chet, Vicki, Chris, David, Donna, John, Laura, Gene, Sarah, Paul, Mark, Sandy, Pete, Paul, Katharina, Ed, Cheryl, Julie, Kelly, Nancy, the talented young Amelia, Cathleen, Ricardo, Brent, Anne, Gage, Greg, Patsy, Jeff and me, Sam Surprise.

CLUB MARKETPLACE

on our web page;

Club members may submit advertisement to the Club MARKETPLACE. There is no charge for the ads. Please submit short ad with up to four pictures to email address.

The ads and any subsequent sales are between the seller and the buyer. It is the buyers responsibility to research the seller and sale item. MMSCC has no interest in the transaction.

CLUB MERCHANDIZE

on our web page;

Check out the clubs merchandize now on our web page. You can purchase hats, shirts, jackets, badges and more. All with club the club logo on it.

Order Name Tags:

\$10.00

Annual Meeting at the OHTM**

Setting the pace for tomorrow

Setting the pace in pace
The new Austin Healey 100 Six is the fastest sports car Austins have ever made. But the most exciting thing is the acceleration, the sheer bite of the new engine: 6 cylinder, 2.8 litres with twin SU carburetors, developing 100 brake horsepower. And with stepped up engine power it's got stepped up gear ratios too.

Setting the pace in every way
Examine the car itself. The beautiful new ducktail colours. The new seating, with room for two occasional passengers. The thick fitted carpet, the leathercloth facia, the real leather upholstery. And on top of all that basic equipment, you can, at extra cost, have overdrive, wire wheels, road speed tyres, and heater.

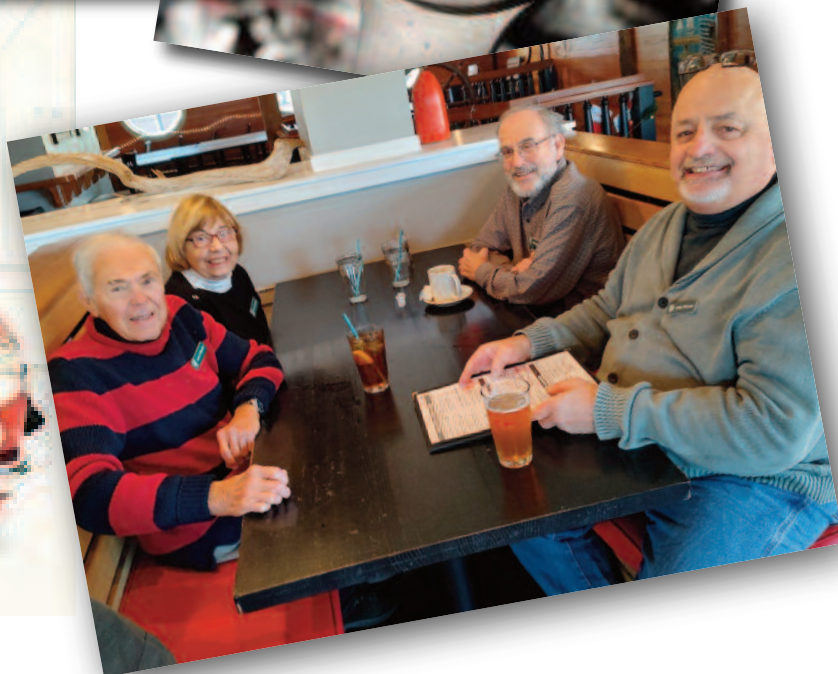

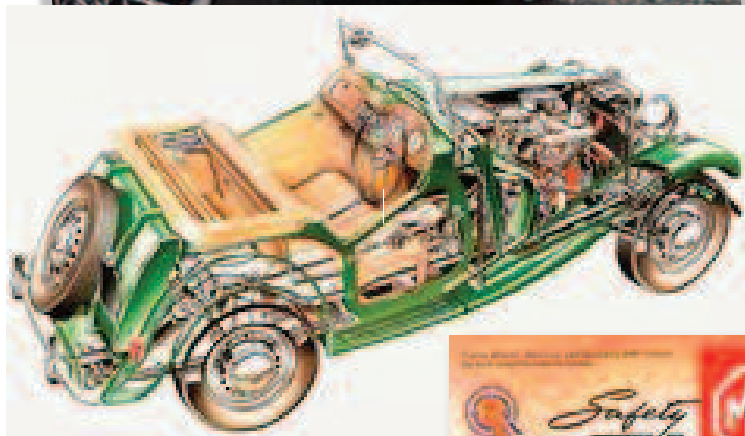

The new
AUSTIN HEALEY 100 SIX

**What year did these two ads appear
for these new cars?** The first one to
